

## CS3704 - P0

1. Our team's name is Team Octo
2. Our team is made up of:
  - Rodrigo Pardini Azzolin, rodbot (present)
  - Wills McGraw, willsmcgraw21 (present)
  - Aaron Ye, aarony (present)
  - Sarah Marchosky (not present)
3. Wills has been working on his resume and preparing himself for the career fair.  
Aaron has been looking for research opportunities and prepping for them.  
Rodrigo has been working on his individual project and gathering feedback from playtesters.
4.
  - Is there any topic that we're supposed to cover in particular or is it loose?
  - What does it look like to not code for the project? Do we just speak about an idea we develop conceptually?
5.
  - A card system for assigning tasks and tracking their progress.
  - A to-do service that reminds you of upcoming work and gatherings.
  - A digital pinboard that users can contribute to asynchronously.
